FOREWORD

AUTHORITY

Section 2, Chapter 25, Revised Statutes of Maine 1944 directs the Department of Labor and Industry to "collect, assort, and arrange statistical details relating to . . . industrial pursuits in the State; . . . including the names of firms, companies, or corporations, where located, the kind of goods produced or manufactured, the time operated each year, the number of employees. . ."

This provision of the law has been carried out in previous years by the preparation and distribution of a mimeographed publication called the Industrial List. The demand for this publication has resulted in a decision to issue it in printed rather than mimeographed form.

SOURCE

This first edition of the Directory of Maine Manufacturers is based principally on information furnished by the manufacturers themselves on report forms entitled "Classification Survey" and "Product and Employment Report". With the exception of a few scattered cases where Department inspectors in the field have (in the absence of a properly filed report) supplied the information presented herein, all statements relating to location of operations, average number of employees for the last six months of 1949 and type of product were obtained from these reports. If, therefore, any establishment is not listed in the current issue, it may be due to any of the following causes:

1. Classification Survey form and/or Product and Employment Report were not received or were received too late for inclusion.
2. According to the Standard Industrial Classification definition the establishment may be classified as a non-manufacturing industry or the principal activity may be non-manufacturing in which case the lesser activity at the establishment is ignored.

ARRANGEMENT

Principal divisions of this booklet are county; subdivisions, city or village. Establishments are listed under these general headings in alphabetical order. In some cases an office address as well as plant location is given. An index to counties will be found on page IV and the city or village

index on page V. Code numbers are used to indicate the size of the establishment (number of employees) and an explanation of this code will be found on page III. An index to type of product will be found in the back of the booklet.

GENERAL

Previous editions of the Industrial List have included dairies, railroad repair shops and small monumental works which were engaged only in lettering and setting monuments. Establishments of these types have been dropped as non-manufacturing and are not included in this publication, an exception being dairies where ice cream, evaporated or condensed milk, or cheese are the principal products.

We will welcome suggestions for improvement and would especially appreciate your calling our attention to omissions or corrections. We hope this first printed edition of the Directory of Maine Manufacturers will be of service to you.

CODE INDICATING SIZE OF ESTABLISHMENT

1	25	or	less	employees
2	26	to	50	"
3	51	to	75	"
4	76	to	100	"
5	101	to	150	"
6	151	to	200	"
7	201	to	250	"
8	251	to	300	"
9	301	to	350	"
10	351	to	400	"
11	401	to	450	"
12	451	to	500	"
13	501	to	600	"
14	601	to	700	"
15	701	to	800	"
16	801	to	900	"
17	901	to	1000	"
18	1001	to	1500	"
19	1501	to	2000	"
20	2001	to	2500	"
21	2501	to	3000	"
22	3001	to	3500	"
23	3501	to	4000	"
24	4001	to	4500	"
25	4501	to	5000	"
26	More than 5000			"
27	Combined reporting			
28	Insufficient Data			
29	Proprietorship operation			

Note: Code numbers appear at the left of the establishment name.
